## EDUCATION

---

### B.Tech in Computer Science and Business System

Sep 2022 – Present

School of Information Technology, Bhopal

Bhopal, India

Pursuing strong foundation in computer science with practical exposure through projects and tech communities.

## PROJECTS

---

### FinSync - Finance Manager

A full-stack web app to manage personal finances through budgeting and real-time tracking.

- Tracks and categorizes user expenses in real-time
- Allows users to set monthly budgets and monitors spending limits
- Interactive dashboards for visualizing spending habits
- Sends smart budget alerts when nearing spending thresholds
- Implements secure authentication and stores user data in real-time database

**Tech Stack:** React.js, Firebase, JavaScript, Chart.js

### Mate-X - AI Powered Study Planner

A personalized study planning web app to help students stay consistent and organized.

- Generates weekly study schedules based on user goals and availability
- Supports smart rescheduling and task updates in real-time
- Handles task priorities and daily tracking
- Aims to reduce burnout by balancing workload
- Integrates OpenAI API for intelligent task breakdown and productivity tips

**Tech Stack:** HTML, CSS, JavaScript, Firebase (Firestore), OpenAI API

## SKILLS

---

- **Languages:** Java, JavaScript
- **Backend:** Node.js, Express.js, REST APIs, Firebase (Firestore), SQL, MongoDB, Supabase
- **Frontend:** React.js, Next.js, HTML, CSS, JavaScript, Framer Motion
- **Tools:** Git, GitHub, Docker, Kubernetes, CI/CD, Postman, OpenAI API, Google Cloud Platform (GCP)
- **Computer Science Fundamentals:** Data Structures & Algorithms, DBMS, Operating Systems, System Design
- **Soft Skills:** Team Collaboration, Problem-Solving, Time Management, Communication, Adaptability

## EXTRACURRICULAR ACTIVITIES

---

- Core Team Member, Google Developer Groups (GDG) RGPV – leading Social Media Management, content strategy & community engagement
- Managed Instagram campaigns and reels for technical events, increasing visibility and student participation
- Organized and hosted tech meetups, workshops, and speaker sessions for 100+ students in collaboration with GDG team
- Participated in college-level hackathons and tech fests, contributing to event planning and volunteer coordination
- Actively engage in tech community discussions, content design, and student mentoring initiatives
- Collaborated with cross-functional teams to streamline social outreach and event impact

## ACHIEVEMENTS

---

- Successfully completed hands-on cloud labs under Google Cloud Arcade Program
- Completed Apna College's Sigma 5.0 Course (DSA + Full Stack Web Development)
